Steps to Import Management Pack

2

The screenshot shows the 'Administration' pane on the left with 'Management Packs' selected. The 'Tasks' pane on the right is open, showing options like 'Delete', 'Export', 'Properties', 'Management Packs', 'Create Management Pack', 'Import', and 'Refresh'. The 'Import' option is highlighted. Below, a table lists files, with 'SystemInt.RoleMgmt.Library.mpb' selected. The file type filter at the bottom is set to 'MPB files (*.mpb)'.

Name	Änderungsdatum	Typ	Größe
SystemInt.RoleMgmt.Library.mpb	24.10.2018 16:34	MPB-Datei	120 KB

Import.
Restart the console.
